### OFFICIALS DISMISSED

M. W. LOUIS AND LOUIS KEMPER  
REMOVED BY POSTMASTER  
GENERAL PAYNE.

### RESULT OF POSTAL INQUIRY

DEPOSED MEN ACCUSED OF EX-  
TRAVAGANCE AND GENERAL  
INCOMPETENCY.

Washington, Oct. 22.—Postmaster General Payne Wednesday removed from office M. W. Louis, superintendent of supplies of the postoffice department; Louis Kemper, chief of the registry division of the third assistant postmaster general's office, and C. B. Terry, a \$900 clerk in the postoffice department, and directed the postmaster at New York to remove Otto Weiss, a clerk.

These removals are the first results of Fourth Assistant Postmaster General Bristow's report of irregularities in the postoffice department. Information of the contemplated discharges did not leak out at the department until after 4 o'clock and at 4:30 the postmaster general made an official announcement of his action as follows: "M. W. Louis has been removed from the office of superintendent of the division of supplies because the recent investigation shows that he influenced the awarding of contracts for supplies to favored bidders; that he has been extravagant and wasteful in the administration of his office; and that he has paid excessive prices for supplies to favored contractors."

"Louis Kemper, superintendent of registry system, has been removed for incompetent and negligent administration; for wasteful and reckless extravagance in sending expensive manifold registration books to a large number of small fourth-class postoffices; and for violating the revenue laws by a system of petty smuggling."

"C. B. Terry, a clerk in the division of supplies, has been removed for making false affidavit; attempting to obtain money from clerks under the guise that he could influence their promotion; and general inefficiency."

The postmaster general also stated that the postmaster at New York had been directed to remove Otto Weiss, a clerk in the New York postoffice, for collecting money from clerks to influence legislation and to procure promotions.

In reply to questions Mr. Payne said the discharges were the result of disclosures made by the Bristow report.

"I have read the report," he said, "and am free to say that my action was the result of its perusal."

He declined to say whether there

would be other removals as a result of the report, but it is understood that while a few others may follow, there will not be any wholesale dismissals. It is stated that there are three or four other employees upon whose conduct there is some reflection, and whose cases hang in the balance.

### IRRIGATION CONGRESS CLOSED.

North Dakotans Form a Permanent Organization.

Bismarck, N. D., Oct. 22.—The first state irrigation congress adjourned Wednesday afternoon after perfecting permanent organization and adopting resolutions calling for the expenditure of North Dakota irrigation funds within the state.

The convention adopted the recommendations of the committee for a permanent organization, to be known as the North Dakota Irrigation congress, which shall hold regular annual meetings at such places as the executive committee shall designate. The executive committee consists of seventeen members, two from each judicial district and one at large.

The officers of the association selected are: President, E. A. Williams, Bismarck; secretary, W. H. Brown, Mandan; first vice president, J. S. Murphy, Minot; second vice president, T. J. Baird, Lakota; treasurer, E. Y. Saries, Hillsboro.

Senator Hansborough was remembered with a resolution thanking him for his public services in connection with the passage of the irrigation bill.

The discussion of irrigation in North Dakota was participated in by Congressmen Spalding and Marshall, President Worst of the state agricultural college; Hon. R. S. Russell of Jamestown; J. F. Letts of Gladstone, and J. S. Murphy of Minot.

### PLAN OF REORGANIZATION.

Consolidated Lake Superior Company Will Issue Bonds.

Philadelphia, Oct. 22.—The formal announcement of the reorganization of the Consolidated Lake Superior company was issued last night by the reorganization committee. It does not differ from the details of the plan which have been given out from time to time.

The new company will be capitalized at \$40,000,000. Forty-year 5 per cent gold bonds will be issued to the amount of \$10,000,000 and an issue of 5 per cent twenty-year gold income bonds to the amount of \$3,000,000 will also be made. The plan also provides for the raising of the \$8,000,000 needed by the company, the details of which have already been made public.

### MORE WARLIKE MOVES.

Developments in Far East Renew Anticipations of Trouble.

Yokohama, Oct. 22.—The ministerial conferences, naval preparations and, notably, the appointment of Vice Admiral Toga, known as a "fighting admiral," to command the standing squadron, have led to a renewal of the anticipations of trouble. Some decided development in the crisis is expected shortly.

The steamship and railroad companies are reported to have been notified to be in readiness for emergencies.

### LOOTED OF LARGE SUM.

Vault of Superior (Wis.) Postoffice Opened and Robbed.

Superior, Wis., Oct. 22.—When the Superior postoffice was opened for business at 7 a. m. the large vault was found to have been rifled of practically the entire supply of stamps, amounting to between \$15,000 and \$15,500. About \$100 in fractional silver was also secured.

The vault was forced without the use of explosives. The safe, located in the postmaster's private office and containing a large amount in currency, was not molested. The only visible clue left by the burglars was an electric pocket lamp.

The two bloodhounds belonging to the police department are in poor health and it was impossible to put them on the scent. The neatness of the job indicates that it is the work of professionals. The officers are completely in the dark.

### FEVER IN SAN ANTONIO.

Ironclad Quarantine Established by Other Texas Cities.

Houston, Tex., Oct. 22.—The city of Houston and surrounding counties Wednesday inaugurated an ironclad quarantine against the city of San Antonio, effective at once. This followed the official report from State Officer Tabor that there had been three deaths from the fever at San Antonio. Fort Sam Houston, the military post outside the limits of San Antonio, has put on a quarantine.

There was a large diminution in the number of yellow fever cases Wednesday at Laredo. The bulletin issued at night is as follows: New cases, 13; deaths, 4; total number of cases to date, 485; total deaths to date, 38.

### THREE MEN KILLED.

Twenty-five Others Injured by Dynamite Explosion.

Aurora, Mo., Oct. 22.—Two men were killed and eighteen seriously injured by the explosion of dynamite used for blasting on the construction work on the White River road, Stone county, thirty-five miles east of here, Wednesday. The dead are: Jack Healy, and an unknown Austrian. All of the injured will recover.

Another telephone message from Stone county, says that a second explosion occurred ten miles below there killing the foreman at the works, and injuring seven others.

### CRUSH TO SEE DOWIE

TWENTY THOUSAND NEW YORK-  
ERS LOCKED OUT OF MADISON  
SQUARE GARDEN.

### WILD RIOT IN THE STREETS

HUNDREDS OF POLICEMEN UN-  
ABLE TO CONTROL THE DIS-  
APPOINTED CROWD.

New York, Oct. 22.—Thirty thousand people, according to the estimates of the police, tried to get into Madison Square Garden to see John Alexander Dowie last night. About one-third that number had secured admittance when at 8 o'clock Dowie ordered the doors closed. When the other 20,000 found themselves shut out the wildest disorder prevailed, and the police, 400 strong, were for a time utterly unable to cope with the mad rush of the crowd. Men and women were knocked down and trampled on and many narrowly escaped death in the crush.

Several times Inspector Walsh sent in calls for extra reserves and it was not until the meeting was suddenly terminated by Dowie shortly after 9 o'clock, that anything could be done with the crowd.

In the surging of the throng Grace George, who was on her way to a theater where she is playing, was swept off her feet and trampled on and had her clothing badly torn. She accused the police of handling her very roughly.

Mrs. William J. Buckley of Newark, N. J., was caught in the crush and fell fainting to the street. She was badly bruised. Inspector Walsh was near the woman when she fell, and with the aid of fifteen policemen he rescued and carried her to safety.

William A. Brady, theater manager and husband of Grace George, Lorenzo Winter, broker, and Channing Pollock, press agent, were arrested on charges of disorderly conduct.

### Crowd Blocks All Traffic.

The crowd blocked all traffic in Madison avenue, Twenty-sixth and Twenty-seventh streets for more than an hour and could not be dispersed until convinced that the meeting inside the garden had ended.

Within the great hall the scene was comparatively tame. There were one or two slight demonstrations from a body of a thousand Columbia students. One of the students and another man in a gallery were arrested for disturbing a religious meeting.

Dr. Dowie spoke only for about fifteen minutes. He announced his subject as "Divine Healing," but when the meeting was closed, to terminate the disturbance outside the doors, he had gotten no further than a description of the Illinois Zion and a laudation of its founder.

For the first time Wednesday Dr. Dowie ordered reporters excluded, and those who were seated at the reporters' table were escorted to the door at Dr. Dowie's orders to his guards to "clear the tainted vipers out of here. Be careful how you handle them not to get any of their filth on you. Now get out, you mean dogs, you yellow scoundrels of the press. We will have no more of you in here. I am paying for this place, you lars. This is my building. Hurry up, guards. The sight of them disgusts me. Don't waste any restoration talk on the lars. It is useless. They have sold their souls to the devil. I never hope to convert a reporter. They would be backsliders."

Dr. Dowie said that he had received unsolicited contributions from New York merchants Wednesday aggregating \$7,700.

### LOCOMOTIVE BOILER EXPLODES.

Four Persons Killed and Several Others Injured.

Elkins, W. Va., Oct. 22.—Four persons were killed and several injured Wednesday by the explosion of the boiler of a West Virginia Central railroad freight locomotive in the yards here. The dead are: William H. Little, Henry Collett, J. T. Harper and Mrs. Kate Babbett.

John Dougherty, a brakeman, and an unknown Italian were probably fatally injured.

Mrs. Babbett was in her home 500 feet from the scene of the explosion. A piece of flying iron struck her. Telegraph wires were prostrated, tracks torn up and two freight cars were wrecked. It is not known what caused the explosion.

### WOMAN KILLED BY A SNAKE.

Crowd Applauded Her "Acting" While Life Was Being Crushed Out.

Berlin, Oct. 22.—A young woman was squeezed to death by a boa constrictor at Voelklingen, Prussia, Wednesday, while giving a performance in a menagerie. The spectators thought at first that her screams and frantic struggles, as the snake tightened its coils, were part of the show, and applauded and cried "bravo" at the "realism" of her acting. The attendants, however, saw the woman's danger, ran in, beat the snake, and slashed it with knives. The woman was dead when released.

### BANKERS IN CONVENTION.

Opening Session Enlivened by Discussion of Fidelity Insurance.

San Francisco, Oct. 22.—Standing in the midst of stage settings lavishly adorned with the choicest of California flowers and greens and drapings of the national emblem, President Caldwell Hardy Wednesday morning called to order in the California theater the twenty-ninth annual convention of the American Bankers' association. The lower floor was well filled and many delegates were in the upper galleries.

The opening session was enlivened by a spirited controversy over the question of the association branching out into the fidelity insurance business for the purpose of bonding employees and the issue was made more interesting by the presence of divers

reports on the subject, the executive council reporting against the adoption of the proposed plan and the fidelity insurance company advocating the early sanctioning of such a scheme.

Duluth, Oct. 22.—Lieutenant Governor A. Maitland of Michigan, general manager of the Republic Iron and Steel company mines in the Lake Superior region, who was in the city Wednesday, says that the forces at the Republic iron and steel mines will be cut about 50 per cent the present fall and coming winter.

A Few Minutes Use of Hyomei Four Times a Day Cures Catarrh.

The pleasantest, most convenient and the only scientific method for the treatment and cure of catarrh is Hyomei. Simply put twenty drops of Hyomei in the inhaler that comes in every package and then breathe it for a few minutes four times a day.

It seems remarkable that so simple a way of treating catarrh will effect a cure, but the most important discoveries of science have always been the simplest. By breathing Hyomei in this way every particle of air that enters the air passages of the throat and head and goes into the lungs is charged with a healing balsam that kills the germs and bacilli of catarrh and soothes and allays all irritation.

The first day's use of Hyomei will show a decided improvement and in a short time there will be no further trouble from catarrh. Its action is rapid and lasting.

You take no risk in buying Hyomei. A complete outfit costs \$1, and if after using you can say that it has not helped

you H. P. Dunn & Co. will return your money. What other treatment for catarrh is sold under a guarantee like this?

New line of blankets just received at D. M. Clark & Co's.

#### WARM MIXUP IN FAMILY.

Because the Mother, Who Was a Widow, Saw Fit to Marry the Man of Her Choice

There was a real warm time down in Frogtown night before last, following the wedding of a popular twain in that part of the city. The lady was a widow and has two or three grown daughters. The mother had some money and the girls objected to her marrying the man of her choice, so to vent their feelings they organized a crowd, which of course had the outward appearance of a jolly bunch who were out to make merry over the wedding. But the scene which followed at the house would be called anything but merriment. The doors were smashed down, the windows broken and some thirty or forty dollars worth of stuff was demolished in the melee, and the bridal couple were given such a warm session that the police were called to subdue the infuriated young ladies and their companions.

#### In Need of Clothing.

There are those in the city who are in need of clothing. The Salvation Army is endeavoring to gather up cast-off garments such as can be used or made over. #### The Maccabees Entertain.

The concert and dance given by the Knights and Ladies of the Maccabees at Gardner's hall last night was largely attended and proved to be an enjoyable affair. The Maccabee orchestra, comprising seven pieces, made its first bow to the public and the repeated encores the organization received showed it to be a decided success. The orchestra introduced several innovations in dancing, reviving the schottisches and playing them in excellent time.

After their opening number in the concert program, Frank McCarthy responded with a song in his usual happy manner. Ed. Browning gave a trombone solo and was heartily encoored. The Aeolian quartette, of which Brainerd is justly proud, sang as its first number a selection that gave it full opportunity to sustain its high reputation for beauty of phrasing and depth of expression. As an encore they rendered a ditty relating the troubles of a fisherman. Albert Armstrong's violin solo, "Life Let Us Cherish," enabled him to display his fine technique and good bowing. The recitation by Miss Enza Britton delivered with her usual clear enunciation, portrayed in graphic manner the difficulties encountered by the young married man at housecleaning time. A concert number by the orchestra brought back vivid recollection of the Chicago "Midway Plaisance," completed the program. Dancing was indulged in to a late hour. Refreshments were served during the evening.

TIMBER LAND SOLD.

State Auditor Iverson Sold Timber on Government Land Yesterday Aggregating 85,000,000 Feet.

Timber to the aggregate amount of 85,000,000 feet, located on state lands, will be offered today at auction sale to the highest bidder. The sale will be conducted by S. G. Iverson, state auditor, and will take place in the senate chamber at the capitol.

The tracts on which the timber is to be sold were designated about a month ago, as provided by law, by the governor, auditor and state treasurer, who constitute the state timber board. The largest of these is just north of Duluth, and on it are about 8,500,000 feet of timber, and there are several other tracts on which the stumpage runs as high as 3,000,000 to 4,000,000 feet. There are in all about 100 pieces of land and they extend from Cook to Beltrami county.

It is required by law that 25 per cent of the appraised value shall be paid at the time of the sale.

The appraisal of the timber runs from \$4 to \$8 per thousand feet, and the total appraised value of the timber to be sold is \$500,000.

The purchasers are allowed two years for the cutting of the timber, but the board may, at its discretion, extend the time one year.

SENSATION AT DEERWOOD

An Eruption Between a Well Known Citizen  
and His Wife--Another  
Man in the Case.

There is a sensation on at Deerwood in which a prominent and well known family is implicated, and over which there is likely to result some rather unpleasant experiences before the affair is settled. It seems that a man working for one of the firms that is drilling for ore near Deerwood became infatuated with the wife of the prominent citizen in question. BIG CROWD MAY GO

Effort Being Made by Brainerdites to Attend the Big Minnesota-Michigan Game in Special Car.

There will undoubtedly be a large number from Brainerd who will attend the foot ball game between the Minnesota and Michigan universities on Oct. 31, at Minneapolis. There are many Minnesota graduates in this city from the various branches and it is being discussed by them that it might be a good thing to get a special car from the Northern Pacific and go down seventy-five or one hundred strong. There will be a very cheap rate for the occasion on the railroads.

A boon to travelers. Dr. Fowler's Extract of Wild Strawberry. Cures dysentery, diarrhea, seasickness, nausea. Pleasant to take. Acts promptly.

DEERWOOD.

The hunters say ducks are scarce this year.

Dr. Reid has moved from Mr. Brownlee's to the annex at the hotel.

P. K. Wetzel has been appointed transfer mail clerk at St. Paul.

Mr. Rathvon has commenced improvements on his planing mill and also his saw mill.

The old water tank was torn down this week, and the platform extended to the freight house.

Miss Mabel Patterson came down from Brainerd to visit her parents Saturday and Sunday.

Notices are up for an ice cream social to be held at the M. E. church, Saturday, Oct. 24. All are invited to attend.

The creamery shut down last Wednesday. We hope next year its progressive manager will be able to run it the whole year.

Mrs. Behlmer returned last Wednesday from Milwaukee, where she has been visiting her daughter, Mrs. Henry Newell.

We are glad to learn that Miss Ella McCarville, who has been at the Sanitarium, having an operation performed for appendicitis, is improving.

Farmers complain that they cannot sell their young cattle and milch cows. Hay has commenced to be getting scarce already and commands a high price.

Rock must be increasing in price, as two of our prominent citizens nearly came to blows over a boulder. There are a number of places where they can get all the rock they want without a fight.

Deerwood is to have a new general store. Mr. Benson, for many years a hardware merchant in Duluth, is clearing ground for a new building west of the Methodist church. His household goods are already here.

The last week has brought quite an increase in our population. Mr. Masson, our station agent, says every day brings new settlers to town. Mr. Towner has his new house nearly completed and Mr. Shepard's is well under way.

The threshing machine is in the neighborhood. The average yield of wheat is about fifteen bushels per acre. The wheat suffered but little on account of the rain, most of it having been already stacked. The potato crop will be light and is entirely spoiled in some places. The oats will yield same as last year.

The summer people have all gone and Deerwood is once more peaceful and quiet. Mr. Cuyler Adams and Bradley left on Thursday, and Mr. Ayers leaves Monday. Considering the weather the season for summer boarders was good. All the hotels were crowded and many people were turned away. Mr. Adams is building an addition to his hotel, and we understand has all his rooms rented for next May.

We have seen our county treasurer, John T. Frater, mentioned as a candidate for the state senate in the place of the late Hon. A. F. Ferris and we think no better man could be selected. As treasurer, Mr. Frater with his obliging and accommodating manner, and his strict and honest business principles, has succeeded in making every tax payer and voter his friend. In Mr. Frater, people realize they have a Republican who will go to the senate, not for his own interests, but for the interests of the voters and we can think of no one who will strengthen the party ticket more, as every voter, regardless of party, would be glad to cast his vote for Honest John Frater, should he decide to become a candidate.

MUSIC AND DRAMA.

SIS HOPKINS.

Rose Melville will appear at the Brainerd theatre tonight in "Sis Hopkins." The charm of "Sis Hopkins," is wholly due to the exquisite acting of Miss Melville. It is a character she originated and the play was written for her. As the uncouth country girl, clad in gingham pinafore and striped stockings, her hair combed back so tightly that it seems to pull her eyes slantways, and with two of the funniest little pigtailed imaginable sticking out from the sides of her head "two ways of a Sunday," she presents the oddest and at the same time the most picturesque character on the stage today. The change from this to the well dressed woman of the world is so marked that one marvels that the same woman is playing both parts. The company in support of Miss Melville is splendidly balanced. Mr. J. R. Stirling under whose direction "Sis Hopkins" has become the most successful and popular of any of the rural plays, has given the play an entirely new production this season, which is its fourth consecutive tour.

"THE BURGOMASTER."

At Dunn's tomorrow morning the sale of seats begins for "The Burgomaster," at the Brainerd opera house Saturday night. This year's production of the tuneful opera comes with the prestige of having had a successful run in Chicago, where the critics declared that it was superior in mountings, costuming and cast to the original production. The company includes many well known people. The chorus is said to be remarkable for the beauty of the girls. There are half a dozen new song hits in "The Burgomaster" and one of them, entitled "Mille, New York," is said to rival in popularity the famous "The Tale of the Kangaroo."

MR. ARTHUR FARWELL.

The musical treat when Mr. Arthur Farwell will be in Brainerd for a concert-recital on Friday, Oct. 30, is being looked forward to with no little interest. This concert covers the very interesting subject of "Music and Myth of the American Indians" and its relation to American composition. The program will show the Indian's place in American life and thought. Indestructibility of race-spirit. Music in Indian life. The "Great Mystery." Inseparableness of story and song. Rendering of simple pianoforte transcriptions of traditional Indian songs, preceded by brief word-pictures of corresponding scenes from myths and legends to which they are related.

EDWARD BAXTER PERRY.

The Detroit Free Press in speaking of Mr. Edward Baxter Perry, the pianist, who is to appear in concert here on the evening of Nov. 2, under the auspices of the Brainerd Ladies Musical club, says: "One of the most unique, yet scholarly, classical and withal artistic figures on the concert platform is Edward Baxter Perry, the blind lecturer-pianist. He has made himself master of his instrument and has an unlimited fund of musical information which he imparts in an easy style and with elegant language. In his playing Mr. Perry 'makes music' with the piano above everything else. He is a marvel of poetic feeling and fancy, and this is reflected in his playing."

"OLD JED PROUTY"

Richard Golden's "Old Jed Prouty," the quaint human picture of rural New England, so admirably conceived and illustrated by Charles Cowles, comes to the Brainerd Theatre next Tuesday night, Oct. 27, with a competent cast of good people, some of them long associated with their respective roles.

The tools such as shovels, etc., were broken into smithereens by the heavy rock which fell with the wall.

## CELEBRATE THEIR TWENTY-FIFTH

Last evening Mr. and Mrs. Thomas Cawley celebrated the twenty-fifth anniversary of their wedding, which occurred at Minneapolis Oct. 21, 1878. They celebrated in a very quiet way, receiving congratulations from friends at LaCrosse and other cities where they have lived. Mrs. Cawley was formerly Miss Jennie Murphy and her home was in Minneapolis.

Mr. and Mrs. Cawley but recently moved to this city, the former to take the position of manager of the Brainerd Flour and Feed company.

## TIMBER LAND SOLD.

State Auditor Iverson Sold Timber on Gov-  
ernment Land Yesterday Aggregat-  
ing 85,000,000 Feet.

Timber to the aggregate amount of 85,000,000 feet, located on state lands, will be offered today at auction sale to the highest bidder. The sale will be conducted by S. G. Iverson, state auditor, and will take place in the senate chamber at the capitol.

The tracts on which the timber is to be sold were designated about a month ago, as provided by law, by the governor, auditor and state treasurer, who constitute the state timber board. The largest of these is just north of Duluth, and on it are about 8,500,000 feet of timber, and there are several other tracts on which the stumpage runs as high as 3,000,000 to 4,000,000 feet. There are in all about 100 pieces of land and they extend from Cook to Beltrami county.

It is required by law that 25 per cent of the appraised value shall be paid at the time of the sale.

The appraisal of the timber runs from \$4 to \$8 per thousand feet, and the total appraised value of the timber to be sold is \$500,000.

The purchasers are allowed two years for the cutting of the timber, but the board may, at its discretion, extend the time one year.

## SENSATION AT DEERWOOD

An Eruption Between a Well Known Cit-  
izen and His Wife--Another  
Man in the Case.

There is a sensation on at Deerwood in which a prominent and well known family is implicated, and over which there is likely to result some rather unpleasant experiences before the affair is settled. It seems that a man working for one of the firms that is drilling for ore near Deerwood became infatuated with the wife of the prominent citizen in question. The husband was told of the matter but he would not believe it at first, but finally decided to make a little quiet investigation, having been informed by two or three parties that his wife and the other man were more or less intimate, and he found the statements to be only too true. The explosion occurred on Monday night when the couple was caught redhanded, and now the husband and wife are separated, the former having gone to Minneapolis where his mother lives, taking his little daughter with him.

EVEN BREAK ALL AROUND.

# State Troops Oppose Regulars in Kan- sas Maneuvers.

Fort Riley, Kan., Oct. 22.—Five  
states against the United States and  
practically an even break all around  
was the result of the military exer-  
cises Wednesday.

The problem for Wednesday was  
that each body of state troops should  
take up a defensive position and there  
await an attack by a force of United  
States regulars against it. The Iowa  
regiment took its place on the Ogden  
flats and was there attacked by a  
force of the Tenth cavalry, which drew  
off after a spirited action without  
penetrating the line of men from the  
Hawkeye state, who were handled  
well by their officers. Texas also held  
its own.

The Missouri regiment took post on  
the hills north of the camp where it  
withstood the attack of Colonel  
Kline's Twenty-first infantry. The  
advance was run back to the main,  
but the impetus stopped the fight be-  
fore it came to a question of whether  
the regulars could have broken  
through the ranks.

Owing to the obstacles which the  
Kansas men were called upon to con-  
front, the Eighth cavalry succeeded in  
forcing their way through the center of  
the Kansas brigade.

One of the most spectacular fights  
of the day was that between the Sec-  
ond and Nebraska and the Fourth cavalry  
which terminated by the state troops  
holding their ground.

# NIXON ON THE STAND.

Examined as to Affairs of Shipbuild-  
ing Company.

New York, Oct. 22.—Lewis Nixon,  
who from naval constructor became  
builder of warships and the president  
of the United States Shipbuilding  
company, was the principal witness  
Wednesday at the inquiry being held  
by Magistrate Henry Oilphant into  
the affairs of the defunct corporation.  
He did not finish his examination, but  
while on the stand he went over much  
history of the corporation and the acts  
of the men prominent in its history.  
He confirmed the claim of the bond-  
holders that Max Pam, counsel for  
Charles M. Schwab, had suggested a  
number of directors for the shipbuild-  
ing combination, and said that the  
proposed expenditure of \$2,802,000 for  
improvements at the Bethlehem Steel  
works had been approved by the di-  
rectors over his protests and warning  
that the action would in the end leave  
the main corporation without funds  
and wreck it. Mr. Nixon swore that  
after this expenditure was approved  
he made several attempts to secure a  
meeting of the directors and that Mr.  
Schwab had finally told him that he  
had instructed the directors to remain  
away from a meeting.

# NOT SUBJECT TO PROSECUTION.

Statute of Limitation Prevents Action  
Against Congressman Littauer.

Washington, Oct. 22.—The opinion  
of the attorney general in the case of  
Representative L. M. Littauer of New  
York, involving the charge of viola-  
tion of the statute prohibiting any  
member of congress from making a  
contract and supplying the govern-  
ment with goods, was received at the  
war department Wednesday.

Littauer is a member of the firm of  
Littauer Bros., manufacturers of  
gloves, and through E. R. Thora far-  
nished the quartermaster's depart-  
ment with gloves for the army.

Investigation of the case revealed  
apparent violation of law and the mat-  
ter was referred to Attorney General  
Knox. From a casual perusal of his  
report it is inferred that the depart-  
ment of justice does not pass upon  
the guilt or innocence of Littauer, but  
decides that the time within which  
legal action must be taken under the  
statute of limitation has expired and  
that Littauer is not subject to prosecu-  
tion by the department.

# WITH POMP AND CEREMONY.

Remains of Archbishop Kain Laid to  
Rest.

St. Louis, Oct. 22.—With all the  
pomp and ceremony befitting his high  
rank in the Roman Catholic church,  
the remains of Archbishop Kain were  
laid to rest Wednesday in Calvary  
cemetery beside the grave of Arch-  
bishop Kendrick.

Cardinal Gibbons, with an imposing  
array of priests, officiated at an impos-  
ing review high mass, which was  
sung by 100 seminarians. Archbishop  
J. J. Keane of Dubuque preached the  
sermon.

Cardinal Gibbons, with Archbishop  
Glennon, Archbishop Hartly, Arch-  
bishop Elder and Bishop Foley, pro-  
nounced an absolution over the body  
which was then borne to the grave,  
followed by a long line of carriages  
containing mourners. At the grave  
Archbishop Glennon read the services  
for the dead and the priests chanted  
the benediction.

# LONG LEGAL BATTLE ENDED.

F. S. Chase Held to Be Legal Guar-  
dian of His Rich Son.

Chicago, Oct. 22.—By affirming a  
decision of the federal court for the In-  
diana district the United States dis-  
trict court of appeals here Wednes-  
day decided Frederick S. Chase of La-  
fayette, Ind., to be the legal guar-  
dian of the person and property of his  
son, Moses Fowler Chase, said to be  
worth nearly \$1,000,000. By this rul-  
ing of the higher court George Hoad-  
ley was loser and the aunt of Young  
Chase, Mrs. Ophelia Duhme, on whose  
application Mr. Hoadley was appoint-  
ed guardian of her nephew in Cincin-  
nati, failed again to secure control of  
the young man and his valuable estate.

While an appeal to the United  
States supreme court is possible,  
Wednesday's ruling is conceded to be  
practically the end of a sensational  
legal battle which had been carried on  
for several years for the guardianship  
of young Chase, who has been pro-  
nounced mentally unsound.

# Land Withdrawn From Entry.

Washington, Oct. 22.—The commis-  
sioner of the general land office has  
withdrawn from entry 622,000 acres  
of land in the Great Falls, Mont., land  
district, and 92,000 acres in the Hel-  
ena, Mont., district, on account of ir-  
regular projects under the reclama-  
tion law.

# TO SUCCEED MELLER

HOWARD ELLIOTT OF THE BUR-  
LINGTON CHOSEN PRESIDENT  
OF NORTHERN PACIFIC.

COMPARATIVELY YOUNG MAN

ENTERED RAILROAD SERVICE AT  
THE BOTTOM OF THE LADDER  
SEVERAL YEARS AGO.

New York, Oct. 22.—Following a  
meeting of the Northern Pacific rail-  
way directors the following announce-  
ment was made by First Vice Pres-  
ident Lamont:

"Howard Elliott, now second vice  
president of the Chicago, Burlington  
and Quincy railroad, has been elected  
president of the Northern Pacific Rail-  
way company to succeed Charles S.  
Meller, who has resigned to accept  
election as president of the New York,  
New Haven and Hartford Railroad  
company.

"Mr. Elliott will assume his duties  
on the 24th inst."

No statement regarding the North-  
ern Pacific dividend for the fourth  
quarter was made. Three dividends  
aggregating 5 per cent have thus far  
been declared.

President Howard Elliott is a  
comparatively young man. He was  
born in New York city, Dec. 6, 1869.  
He entered railway service in 1889  
as a roadman in the engineering corps  
of the Chicago, Burlington and Quincy.  
Within a year he was clerk in the  
president's office of the St. Louis, Keokuk  
and Northwestern at Keokuk, Ia., and  
in 1882 was a clerk in the as-  
sistant treasurer's office of the same  
road at Keokuk.

From 1882 to 1887 he was auditor  
and assistant treasurer of the Chicago,  
Burlington and Kansas City and St.  
Louis, Keokuk and Northwestern at  
Keokuk and from 1887 to 1891 was  
general freight and passenger agent  
of the same lines at Keokuk.

In 1891 Mr. Elliott was made gen-  
eral freight agent at St. Louis of the  
Missouri river lines of the Burlington  
system, which included the Hannibal  
and St. Joseph and the Kansas City,  
St. Joseph and Council Bluffs, in ad-  
dition to the lines with which he was  
previously connected.

Mr. Elliott held this position until  
1896, when he was made general man-  
ager of the Missouri river lines of the  
Burlington, and in 1901 was promoted  
to the position of second vice pres-  
ident of the Burlington system at Chi-  
cago, in charge of the operating de-  
partment of the entire system.

# PICKS UP SURVIVORS.

Steamer Spokane Rescues Four of the  
South Portland's Crew.

San Francisco, Oct. 22.—The steam-  
er Spokane brought to this port last  
evening four survivors of the wrecked  
steamer South Portland who were  
picked up Tuesday about fifteen miles  
south of Cape Blanco and twelve  
miles off shore. They were found  
clinging to a rude raft and were all  
but exhausted when rescued. Their  
names are H. W. Ravens, second off-  
icer; Charles B. Lomborg, F. Johnson  
and Ole Gunderson, seamen.

The list of missing as previously  
printed does not contain the names of  
the above. This omission is probably  
due to the fact that just before sailing  
some substitutions in the crew were  
made.

Eight other men who were on the  
raft with the above survivors when it  
left the South Portland succumbed and  
sank as their frail support was cast  
about by the waves. Their names are  
not known by those who were saved.

Several hours after these men were  
taken on board the Spokane, the star-  
board lifeboat of the wrecked vessel,  
in which seven or eight men left the  
ship, was seen floating empty. It is  
now believed that all the passengers  
and crew not already accounted for  
have perished.

# NEW QUEEN OF THE SEAS.

Battleship Missouri the Fastest Vessel  
of Her Class.

Boston, Oct. 22.—The new battle-  
ship Missouri Wednesday proved her-  
self the queen of the seas in her class  
in a speed trial trip over the Cape  
Ann course with weather conditions of  
a considerably handicapping nature.

Steaming over a course of thirty-  
three nautical miles and return the  
battleship made an average speed of  
18.95 knots per hour, with tidal  
currents greatly in her favor, it is  
believed will advance it to 18.22, a  
new world's record for battleships of  
her class.

The big battleship at one time at-  
tained a speed of 18.75 knots per hour.  
The contract requirements call for 18  
knots.

The best previous record made by  
a battleship in the Missouri's class is  
that of the Maine, a sister ship, which  
was 17.98 per hour.

# ITALIAN CABINET RESIGNS.

Poor Health of the Premier Given as  
the Reason.

Rome, Oct. 22.—The cabinet has  
resigned. The decision to take this step  
was reached unanimously at a minis-  
terial council held Wednesday, and  
after Premier Zanardelli had an-  
nounced that he had sent in his resig-  
nation in consequence of failing health.

# Football Player Drops Dead.

Annapolis, Md., Oct. 22.—Robert E.

# SECOND ANNUAL CONVENTION

Upper Mississippi River Improve-  
ment Association in Session.

Davenport, Ia., Oct. 22.—The Upper  
Mississippi River Improvement asso-  
ciation opened its second annual con-  
vention here Wednesday, adopting  
the report of the executive committee,  
which recommends that a memorial  
demanding permanent improvement of  
America's greatest natural waterway  
be presented by a committee appear-  
ing in person before the president of  
the United States and the national  
congress.

Governor Van Sant of Minnesota,  
Congressman Enoch of Wisconsin and  
Congressman Wade of Iowa were  
among the speakers who addressed the  
convention.

The convention declared that the  
limits of the present congressional  
appropriation for the river allow only  
for maintenance, while permanent im-  
provements were needed to insure a  
good channel for all seasons as far as  
St. Paul, Illinois, Missouri, Minne-  
sota, Wisconsin and Iowa were repre-  
sented by about 150 business men, most-  
ly from towns along the river from  
Minneapolis to St. Louis.

# PEACE DECLARED.

Democrats of Brooklyn and New York  
to Work in Harmony.

New York, Oct. 22.—Peace has been  
declared between the Democrats of  
Brooklyn and the Democratic organiza-  
tion of New York over the matter of  
the candidates for comptroller and  
president of the board of aldermen.

Whether the result was brought  
about by the surrender of Hugh Mc-  
Laughlin to McCarren and Murphy, or  
through concessions from Tammany in  
promises of patronage, is not known,  
but whatever the basis of agreement  
may be, McLaughlin and his cam-  
paign committee will now work in  
harmony with the Tammany commit-  
tee.

cians, however, hope for a speedy re-  
covery.

# ATTEMPTED BRIBERY ALLEGED

Charges Made by Assemblyman Schur-  
meier of St. Paul.

St. Paul, Oct. 22.—According to the  
Globe of this city Assemblyman H. C.  
Schurmeier says that on three differ-  
ent occasions he was approached by  
as many persons with offers of money  
or political influence for his vote in  
support of the repeal of the owl car  
ordinance.

George E. Lennon, he says, first so-  
licit his aid for the repeal of the  
measure, while he and Mr. Schurmeier  
were en route home in a hack one  
night. Mr. Lennon asked if it was  
the basis of his friendship, and that it  
was the only remaining obligation he  
had to satisfy arising out of the passage  
of the ordinances permitting the  
downtown ball park.

A week later Mr. Lennon again  
asked him to support the repeal, this  
time at the ball park. "He refused."

The next day he gave his vote to  
Mr. Lennon in return for \$1,500 which  
was to be used in conducting a cigar  
business.

The investment was really to supply  
Mr. Schurmeier with the means of  
war for his proposed mayoralty cam-  
paign in the spring, and Mr. Lennon  
announced his intention of further  
backing it with \$5,000, if needed,  
Schurmeier says.

Mr. Schurmeier says he was ap-  
proached by two persons who offered  
to reimburse him handsomely if he  
would look out for the street car com-  
pany's interests in the council.

The early part of October he was  
summoned to the office of Attorney  
George W. Walsh, who advised him  
that if he desired political preferment  
he had better vote for the repeal of  
the owl car ordinance.

Then he was invited to visit the of-  
fice of the Dispatch and get acquaint-  
ed with its managing editor.

The editor, Harry T. Black, Mr.  
Schurmeier says, incidentally men-  
tioned that the owl cars were an evil  
and Mr. Schurmeier would benefit  
greatly if he would help repeal the  
ordinance.

Later Attorney Walsh, he says, asked  
his aid to take off some of the lines  
from the owl car schedule.

Messrs. Lennon, Walsh and Black  
deny the allegations of Mr. Schur-  
meier.

# FABULOUS FINDS OF GOLD.

Montana Gulch Said to Eclipse the  
Klondike.

Butte, Mont., Oct. 21.—Almost fab-  
ulous finds of gold ore have been made  
on Owl creek according to reports re-  
ceived in Butte from Hamilton, Mont.  
The greatest excitement prevails over  
the discovery, which is said to eclipse  
the Klondike finds, and a stampede is  
on.

Miles Romney, mayor of Hamilton,  
says ten massive ledges uncovered on  
the side of the mountain blaze in in-  
numerable spots from the glint of  
gold dazzling the eye. A towering  
cliff overhangs the leads, and far  
below the gulch is choked with bould-  
ers sloughed from the heights.

These chunks of ore, Romney de-  
clares, range in size from hazel nuts  
to chunks as large as four-story blocks.  
Enough ore is in sight, he says, lying  
on the ground, to run a thousand  
stamps a hundred years.

# FEVER EPIDEMIC CONTINUES.

# Thirty-five New Cases at Laredo and Two at San Antonio, Tex.

Laredo, Tex., Oct. 21.—The total of  
new cases of yellow fever here Tues-  
day was but one less than Monday,  
which was the largest for any single  
day since the outbreak of the epidemic.  
The official bulletin is as follows:  
New cases, 35; deaths, 2; total num-  
ber of cases to date, 471; total num-  
ber of deaths, 37.

One of the victims who died yester-  
day was an American lawyer named  
George R. Hayford.

Word has been received in this city  
that there are two cases of yellow  
fever in San Antonio, Tex. The re-  
port has not been confirmed, but the  
Tex county authorities have establish-  
ed a strict quarantine against the city.

Dr. Murray the Florida yellow fever  
expert, has left for San Antonio to  
make an investigation.

**EVEN BREAK ALL AROUND.**  
State Troops Oppose Regulars in Kan-  
sas Maneuvers.  
Port Riley, Kan., Oct. 22.—Five  
states against the United States and  
practically an even break all around  
was the result of the military exer-  
cises Wednesday.  
The problem for Wednesday was  
that each body of state troops should  
take up a defensive position and there  
await an attack by a force of United  
States regulars against it. The Iowa  
regiment took its place on the Ogden  
flats and was there attacked by a  
force of the Tenth cavalry, which drew  
off after a spirited action without  
penetrating the line of men from the  
Hawkeye state, who were handled  
well by their officers. Texas also held  
its own.  
The Missouri regiment took post on  
the hills north of the camp where it  
withstood the attack of Colonel  
Kilne's Twenty-first Infantry. The  
advance was run back to the main,  
but the umpires stopped the fight be-  
fore it came to a question of whether  
the regulars could have broken  
through the ranks.  
Owing to the obstacles which the  
Kansas men were called upon to con-  
front, the Eighth cavalry succeeded in  
forcing their way through the center  
of the Kansas brigade.  
One of the most spectacular fights  
of the day was that between the Sec-  
ond and Nebraska and the Fourth cavalry  
which terminated by the state troops  
holding their ground.

**NIXON ON THE STAND.**  
Examined as to Affairs of Shipbuild-  
ing Company.  
New York, Oct. 22.—Lewis Nixon,  
who from naval constructor became  
builder of warships and the president  
of the United States Shipbuilding  
company, was the principal witness  
Wednesday at the inquiry being held  
by Magistrate Henry Oilphant into  
the affairs of the defunct corporation.  
He did not finish his examination, but  
while on the stand he went over much  
history of the corporation and the acts  
of the men prominent in its history.  
He confirmed the claim of the bond-  
holders that Max Pam, counsel for  
Charles M. Schwab, had suggested a  
number of directors for the shipbuild-  
ing combination, and said that the  
proposed expenditure of \$2,892,000 for  
improvements at the Bethlehem Steel  
works had been approved by the di-  
rectors over his protests and warning  
that the action would in the end leave  
the main corporation without funds  
and wreck it. Mr. Nixon swore that  
after this expenditure was approved  
he made several attempts to secure a  
meeting of the directors and that Mr.  
Schwab had finally told him that he  
had instructed the directors to remain  
away from a meeting.

**NOT SUBJECT TO PROSECUTION.**  
Statute of Limitation Prevents Action  
Against Congressman Littauer.  
Washington, Oct. 22.—The opinion  
of the attorney general in the case of  
Representative L. M. Littauer of New  
York, involving the charge of viola-  
tion of the statute prohibiting any  
member of congress from making a  
contract and supplying the govern-  
ment with goods, was received at the  
war department Wednesday.  
Littauer is a member of the firm of  
Littauer Bros., manufacturers of  
gloves, and through E. R. Thora fur-  
nished the quartermaster's depart-  
ment with gloves for the army.  
Investigation of the case revealed  
apparent violation of law and the mat-  
ter was referred to Attorney General  
Knox. From a casual perusal of his  
report it is inferred that the depart-  
ment of justice does not pass upon  
the guilt or innocence of Littauer, but  
decides that the time within which  
legal action must be taken under the  
statute of limitation has expired and  
that Littauer is not subject to prosecu-  
tion by the department.

**WITH POMP AND CEREMONY.**  
Remains of Archbishop Kain Laid to  
Rest.  
St. Louis, Oct. 22.—With all the  
pomp and ceremony befitting his high  
rank in the Roman Catholic church,  
the remains of Archbishop Kain were  
laid to rest Wednesday in Calvary  
cemetery beside the grave of Arch-  
bishop Kondrick.  
Cardinal Gibbons, with an imposing  
array of priests, officiated at an impos-  
ing review high mass, which was  
sung by 100 seminarians. Archbishop  
J. J. Keane of Dubuque preached the  
sermon.  
Cardinal Gibbons, with Archbishop  
Glennon, Archbishop Hartly, Arch-  
bishop Elder and Bishop Foley, pro-  
nounced an absolution over the body  
which was then borne to the grave,  
followed by a long line of carriages  
containing mourners. At the grave  
Archbishop Glennon read the services  
for the dead and the priests chanted  
the benediction.

**LONG LEGAL BATTLE ENDED.**  
F. S. Chase Held to Be Legal Guar-  
dian of His Rich Son.  
Chicago, Oct. 22.—By affirming a de-  
cision of the federal court for the In-  
diana district the United States dis-  
trict court of appeals here Wednes-  
day decided Frederick S. Chase of  
Lafayette, Ind., to be the legal guar-  
dian of the person and property of his  
son, Moses Fowler Chase, said to be  
worth nearly \$1,000,000. By this ruling  
of the higher court George Hoadley,  
Chase, Mrs. Ophelia Duhme on whose  
application Mr. Hoadley was appointed  
guardian of her nephew in Cincin-  
nati, failed again to secure control of  
the young man and his valuable estate.  
While an appeal to the United  
States supreme court is possible,  
Wednesday's ruling is conceded to be  
practically the end of a sensational  
legal battle which had been carried on  
for several years for the guardianship  
of young Chase, who has been pro-  
nounced mentally unsound.

**TO SUCCEED MELLER**  
**HOWARD ELLIOTT OF THE BUR-**  
**LINGTON CHOSEN PRESIDENT**  
**OF NORTHERN PACIFIC.**  
**COMPARATIVELY YOUNG MAN**  
**ENTERED RAILROAD SERVICE AT**  
**THE BOTTOM OF THE LADDER**  
**SEVERAL YEARS AGO.**

New York, Oct. 22.—Following a  
meeting of the Northern Pacific rail-  
way directors the following announce-  
ment was made by First Vice Pres-  
ident Lamont:  
"Howard Elliott, now second vice  
president of the Chicago, Burlington  
and Quincy railroad, has been elected  
president of the Northern Pacific Rail-  
way company to succeed Charles S.  
Mellen, who has resigned to accept  
election as president of the New York,  
New Haven and Hartford Railroad  
company."  
"Mr. Elliott will assume his duties  
on the 24th inst."  
No statement regarding the North-  
ern Pacific dividend for the fourth  
quarter was made. Three dividends  
aggregating 5 per cent have thus far  
been declared.  
President Howard Elliott is a  
comparatively young man. He was  
born in New York City, Dec. 6, 1860.  
He entered railway service in 1880  
as a rodman in the engineering corps  
of the Chicago, Burlington and Quincy.  
Within a year he was clerk in the  
president's office of the St. Louis, Keokuk  
and Northwestern at Keokuk, Ia.,  
and in 1882 was a clerk in the as-  
sistant treasurer's office of the same  
road at Keokuk.  
From 1882 to 1887 he was auditor  
and assistant treasurer of the Chicago,  
Burlington and Kansas City and St.  
Louis, Keokuk and Northwestern at  
Keokuk and from 1887 to 1891 was  
general freight and passenger agent  
of the same lines at Keokuk.  
In 1891 Mr. Elliott was made gen-  
eral freight agent at St. Louis of the  
Missouri river lines of the Burlington  
system, which included the Hannibal  
and St. Joseph and the Kansas City,  
St. Joseph and Council Bluffs, in ad-  
dition to the lines with which he was  
previously connected.  
Mr. Elliott held this position until  
1895, when he was made general man-  
ager of the Missouri river lines of the  
Burlington and in 1901 was promoted  
to the position of second vice presi-  
dent of the Burlington system at Chi-  
cago, in charge of the operating de-  
partment of the entire system.

**PICKS UP SURVIVORS.**  
Steamer Spokane Rescues Four of the  
South Portland's Crew.  
San Francisco, Oct. 22.—The steam-  
er Spokane brought to this port last  
evening four survivors of the wrecked  
steamer South Portland who were  
picked up Tuesday about fifteen miles  
south of Cape Blanco and twelve  
miles off shore. They were found  
clinging to a rude raft and were all  
but exhausted when rescued. Their  
names are H. W. Ravens, second off-  
icer; Charles E. Lomborg, F. Johnson  
and Ole Gunderson, seamen.  
The list of missing, as previously  
printed does not contain the names of  
the above. This omission is probably  
due to the fact that just before sailing  
some substitutions in the crew were  
made.  
Eight other men who were on the  
raft with the above survivors when it  
left the South Portland succumbed and  
sank as their frail support was cast  
about by the waves. Their names are  
not known by those who were saved.  
Several hours after these men were  
taken on board the Spokane, the star-  
board lifeboat of the wrecked vessel,  
in which seven or eight men left the  
ship, was seen floating empty. It is  
now believed that all the passengers  
and crew not already accounted for  
have perished.

**NEWQUEEN OF THE SEAS.**  
Battleship Missouri the Fastest Vessel  
of Her Class.  
Boston, Oct. 22.—The new battle-  
ship Missouri Wednesday proved her-  
self the queen of the seas in her class  
in a speed trial trip over the Cape  
Ann course with weather conditions of  
a considerably handicapping nature.  
Steaming over a course of thirty-  
three nautical miles and return the  
battleship made an average speed of  
18.05 knots per hour, which with tidal  
corrections greatly in her favor, it is  
believed will advance it to 18.22, a  
new world's record for battleships of  
her class.  
The big battleship at one time at-  
tained a speed of 18.75 knots per hour.  
The contract requirements call for 18  
knots.  
The best previous record made by  
a battleship in the Missouri's class is  
that of the Maine, a sister ship, which  
was 17.98 per hour.

**ITALIAN CABINET RESIGNS.**  
Poor Health of the Premier Given as  
Reason.  
Rome, Oct. 22.—The cabinet has re-  
signed. The decision to take this step  
was reached unanimously at a minis-  
terial council held Wednesday, and  
after Premier Zanardelli had an-  
nounced that he had sent in his resig-  
nation in consequence of falling health.  
**Football Player Drops Dead.**  
Annapolis, Md., Oct. 22.—Robert E.  
Lewin, right guard of the Baltimore  
Medical college, dropped dead in the  
first half of the football game with the  
navy Wednesday. The game was  
called off without a score.  
**British Election in Easter.**  
London, Oct. 22.—The Daily Chroni-  
cle this morning says it understands  
the government has decided to meet  
parliament next year and go to the  
country during the Easter recess.

**SECOND ANNUAL CONVENTION**  
Upper Mississippi River Improve-  
ment Association in Session.  
Davenport, Ia., Oct. 22.—The Upper  
Mississippi River Improvement asso-  
ciation opened its second annual con-  
vention here Wednesday, adopting  
the report of the executive committee,  
which recommends that a memorial  
demanding permanent improvement of  
America's greatest natural waterway  
be presented by a committee appear-  
ing in person before the president of  
the United States and the national  
congress.  
Governor Van Sant of Minnesota,  
Congressman Eash of Wisconsin and  
Congressman Wade of Iowa were  
among the speakers who addressed the  
convention.  
The convention declared that the  
limits of the present congressional  
appropriation for the river allow only  
for maintenance, while permanent im-  
provements were needed to insure a  
good channel for all seasons as far as  
St. Paul, Illinois, Missouri, Minne-  
sota, Wisconsin and Iowa were repre-  
sented by about 150 business men, most-  
ly from towns along the river from  
Minneapolis to St. Louis.

**PEACE DECLARED.**  
Democrats of Brooklyn and New York  
to Work in Harmony.  
New York, Oct. 22.—Peace has been  
declared between the Democrats of  
Brooklyn and the Democratic organiza-  
tion of New York over the matter of  
the candidates for comptroller and  
president of the board of aldermen.  
Whether the result was brought  
about by the surrender of Hugh Mc-  
Laughlin to McCarren and Murphy, or  
through concessions from Tammany in  
promises of patronage, is not known  
but whatever the basis of agreement  
may be, McLaughlin and his cam-  
paign committee will now work in  
harmony with the Tammany commit-  
tee.

**General Black III.**  
Washington, Oct. 22.—John C. Black  
commander-in-chief of the Grand Army  
of the Republic, is at Garfield hospital  
in this city suffering from a severe  
attack of rheumatism. The phys-  
icians, however, hope for a speedy re-  
covery.

**TELEGRAPHIC BREVITIES.**

a hotel in Sandusky, O., with chills.  
The Federal National bank of Pitts-  
burg has been closed by order of the  
comptroller of the currency.  
A general strike of journeymen  
tailors, involving 800 men, has been  
called in Chicago for next Monday.

the go after a hard contest.

Jewish race in Russia won for him the  
title "The poet of the Ghetto," died  
at his home in Chicago Wednesday.

pionship honors of the Intercollegiate  
Golf association on the Garden City  
(L. I.) golf club's links Wednesday,  
beating Princeton by a score of 21 1/2  
to 2 1/2 points.

Joseph Chamberlain spoke to a  
large audience at Tynemouth Wednes-  
day, but he did not add much to what  
he had already said. In Mr. Chamber-  
lain's opinion matters in his country  
had been left alone too long.

**ATTEMPTED BRIBERY ALLEGED**  
Charges Made by Assemblyman Schur-  
meier of St. Paul.  
St. Paul, Oct. 22.—According to the  
Globe of this city Assemblyman H. C.  
Schurmeier says that on three differ-  
ent occasions he was approached by  
as many persons with offers of money  
or political influence for his vote in  
support of the repeal of the owl car  
ordinance.  
George E. Lennon, he says, first so-  
licit his aid for the repeal of the  
measure, while he and Mr. Schurmeier  
were en route home in a hack one  
night. Mr. Lennon asked it on the  
basis of his friendship, and that it was  
the only remaining obligation he had  
to satisfy arising out of the passage  
of the ordinances permitting the  
downtown ball park.  
A week later Mr. Lennon again  
asked him to support the repeal, this  
time at the ball park. He refused.  
The next day he gave his vote to  
Mr. Lennon in return for \$1,500 which  
was to be used in conducting a cigar  
business.  
The investment was really to supply  
Mr. Schurmeier with the sinews of  
war for his proposed mayoralty cam-  
paign in the spring, and Mr. Lennon  
announced his intention of further  
backing it with \$5,000, if needed,  
Schurmeier says.  
Mr. Schurmeier says he was ap-  
proached by two persons who offered  
to reimburse him handsomely if he  
would look out for the street car com-  
pany's interests in the council.  
The early part of October he was  
summoned to the office of Attorney  
George W. Walsh, who advised him  
that if he desired political preferment  
he had better vote for the repeal of  
the owl car ordinance.  
Then he was invited to visit the of-  
fice of the Dispatch and get acquaint-  
ed with its managing editor.  
The editor, Harry T. Black, Mr.  
Schurmeier says, incidentally men-  
tioned that the owl cars were an evil  
and Mr. Schurmeier would benefit  
greatly if he would help repeal the  
ordinance.  
Later Attorney Walsh, he says, asked  
his aid to take off some of the lines  
from the owl car schedule.  
Messrs. Lennon, Walsh and Black  
deny the allegations of Mr. Schur-  
meier.

**FABULOUS FINDS OF GOLD.**  
Montana Gulch Said to Eclipse the  
Klondike.  
Butte, Mont., Oct. 21.—Almost fabu-  
lous finds of gold ore have been made  
on Owl creek according to reports re-  
ceived in Butte from Hamilton, Mont.  
The greatest excitement prevails over  
the discovery, which is said to eclipse  
the Klondike finds, and a stampede is  
on.  
Miles Romney, mayor of Hamilton,  
says ten massive ledges uncovered on  
the side of the mountain blaze in in-  
numerable spots from the glint of  
gold, dazzling the eye. A towering  
cliff overhangs the leads, and far  
below the gulch is choked with bould-  
ers sloughed from the heights.  
These chunks of ore, Romney de-  
clares, range in size from hazel nuts  
to chunks as large as four-story blocks.  
Enough ore is in sight, he says, lying  
on the ground, to run a thousand  
stamps a hundred years.

**FEVER EPIDEMIC CONTINUES.**  
Thirty-five New Cases at Laredo and  
Two at San Antonio, Tex.  
Laredo, Tex., Oct. 21.—The total of  
new cases of yellow fever here Tues-  
day was but one less than Monday,  
which was the largest for any single  
day since the outbreak of the epidemic.  
The official bulletin is as follows:  
New cases, 35; deaths, 2; total num-  
ber of cases to date, 471; total num-  
ber of deaths, 37.  
One of the victims who died yester-  
day was an American lawyer named  
George R. Hayford.  
Word has been received in this city  
that there are two cases of yellow  
fever in San Antonio, Tex. The re-  
port has not been confirmed, but the  
Fey county authorities have establish-  
ed a strict quarantine against the city.  
Dr. Murray the Florida yellow fever  
expert, has left for San Antonio to  
make an investigation.
